

What is the Annual Fund?

Gifts from annual giving are essential to the operation of Little Flower Catholic School. In order to maintain tuition at a reasonable and affordable level, Annual Fund gifts are needed to help with the costs of sustaining programs and improving facilities that cannot be covered with tuition alone. Supporters of the Little Flower Annual Fund include our entire school and parish staff, our volunteer-staffed School Commission, Little Flower school and parish families, alumni, parents, grandparents and friends.

Visit www.littleflowerparishschool.org to give online!

If you prefer the convenience of making donations online, please visit www.littleflowerparishschool.org and click "Support Us" on the main menu bar. You can then click the link to Annual Fund. Here you will find a simple online process for initiating special one-time donations. In addition, you are also able to initiate an automatic series of regular contributions. Pledges to the Annual Fund should be paid by September 30, 2021.

Matching Gift Programs

Did you know that you can double or possibly triple your gift to the Annual Fund? Annual Fund donations are often eligible for employers' matching gift programs. Check with your Human Resources department to see if your employer matches gifts to educational institutions. It is as simple as following your employer's matching gift process, usually available through your Human Resources department.

Annual Fund

Annual Fund Priorities

Needs-Based Tuition Assistance

Twenty-five percent of all gifts to the Little Flower Catholic School Annual Fund are directed to Little Flower's Godparent Program to provide financial assistance for qualifying families.

Indiana Educational Choice Vouchers have made a Little Flower education possible for many students. However, additional needs still exist for students who do not qualify for 100% vouchers or who do not qualify at all. For the current year, Little Flower students qualified for approximately \$90,000 of needs-based tuition assistance.

Your gift will help make a Little Flower education possible for all students.

STEM Lab

With your support, we plan to convert an existing classroom and bathroom into a STEM (Science, Technology, Engineering, Math) lab to create critical thinkers, increase science literacy, and enable the next generation of innovators. The lab will include a robotics field, a green screen with audio/video area, a "wonder corner," and more. With this updated space, we will strive to build a better tomorrow.

Your gift will help us provide the best possible innovative opportunities and classroom environments for our students.

Life Skills

We plan to take the STEM lab a step further by adding equipment to teach certain life skills. The area will include a shower, a washer/dryer, a sewing area, and a kitchenette. Students will learn how to manage and balance daily life activities. At Little Flower School we make it a priority to educate the whole person.

Your gift will enhance our learning environment and provide a space where students can master skills needed for daily living.
